Your next job:

Project Manager (m/f/d) for Active Balance Systems

What awaits you as a Project Manager (m/f/d) for Active Balancing Systems at Hofmann Balancing Technology?

At Hofmann Mess- und Auswuchttechnik, we combine many years of experience with an eye for future-oriented innovation in balancing and vibration control technology. Our individual solutions based on a wide range of services relating to the balancing of rotating parts and the measurement and analysis of vibrations are at the heart of our portfolio. We invest in research and development and provide our customers with comprehensive service through our global sales partners.

We are looking for our innovative and successful HOFMANN team immediately

Project Manager (m/f/d) for Active Balance Systems

Effective immediately, permanent, full-time

Your tasks

- Autonomous project management
- Technical clarification with sales, customer, and engineering
- Support for order processing through to manufacturing, test field, and shipping
- After-sales customer support
- Coordination and execution of commissioning, service calls, and training
- Remote Support
- Processing of spare parts, repair, and warranty orders
- Management and implementation of product management measures

Your qualifications

- Practice-oriented studies (e.g., Bachelor of Engineering, Diploma FH) or master craftsman/technician with a focus on mechanical engineering, mechatronics, electrical engineering, or comparable.
- Vocational training in a technical profession is advantageous, ideally in the process or machine tool industry, test bench construction, or similar.

Your skills

- High personal responsibility and independent way of working
- Strong customer and service orientation
- Willingness to travel internationally (approx. 20 %)
- Good written and spoken English skills
- Flexibility, resilience, and self-confident demeanor
- Careful and systematic approach

Your benefits

- A varied, versatile, and interesting role with a highly innovative product that has a unique selling proposition
- Plenty of scope for independent and self-responsible work
- Intensive onboarding
- Flexible working hours and performance-related pay
- Individual support through further training
- Leasing a company bike
- Voucher card with monthly EUR 40 top-up
- 30 vacation days
- Subsidies for VWL and BAV
- Sufficient free parking spaces on our company premises

Have we aroused your interest?

Then we look forward to receiving your comprehensive application documents. Please state your earliest possible start date.
